

Three will complete 20 years in April

GENE SINGLE (Component Evaluation) receives congratulations on his 20-year Tek anniversary. Gene has been in his present job for ten years, and before that was in Instrument Design for five years. He has also worked in Purchasing and Electro-mechanical Design.

Thirteen Tek employees in the U.S. will receive their service awards during April, with three more joining the "20-Year Club" and 10 completing their first 10 years with the company.

The three 20-year Tekes, all from Manufacturing, will join 188 other employees who have completed two decades at Tek since the company celebrated its 20th birthday in January 1966.

20-YEAR TEKS

April 5: **Gene F. Elliott** (Pricing).
April 19: **Ted Shaver** (Spectrum Analyzer Staff). April 20: **Leota (Lee) Morris** (Accessories).
