

# Seven will complete 20 years in June

*BILL TESCHER unwraps a small, but valuable gift at his 20-year Tek anniversary party. His group—Plastics Maintenance and Machine Building—gave him a turquoise-studded belt buckle handcrafted by Navajo Indians. Bill has been in Plastics most of his Tek career.*

Seven Tek U.S. employees will receive their service awards during June, with two more joining the “20-Year Club” and five completing their first 10 years with the company.

The two 20-year Tekes will join 194 other employees who have completed two decades here since the company celebrated its 20th birthday back in January 1966.

In the 10-year lineup are two from Marketing field offices (Irvine and Cleveland), and three from Beaverton Engineering groups (General Instruments and Lab Oscilloscopes).

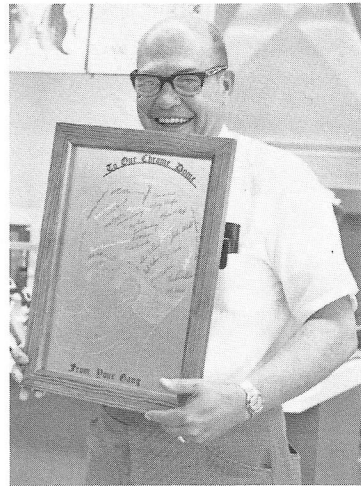

The complete June anniversary list, as compiled by Pat Luce (Employee Benefits), is as follows:

## 20-YEAR TEKES

June 17: **Alvina Fry** (Planning & Scheduling). June 25: **Kathryn L. Barker** (Line K Staff).

## 10-YEAR TEKES

June 1: **Mary E. Lewis** (Cleveland FO). June 15: **Linley F. Gumm** (General Instrument Group); **Shirley L. Nangreave** (Irvine FO); **Morris Engelson** (General Instrument Group). June 24: **Robert W. Wallace** (Lab Oscilloscope Group).

*TONY KLOBERTANZ shows off the plaque he received on the occasion of his recent 20-year anniversary at Tek. Tony has been in the Front Panel group all of his Tek years; he was named manager 10 years ago.*
