

Five of the 15 Tek employees receiving 10-year service pins during May are shown in the photo above. They are (l. to r.): John Moran, Dick Sether, Marie Frazee, Bill Lukens and Harry Wogberg. Photo by Larry Jackson (Photography).

May 10-year Tek

Fifteen more employees joined the ranks of 10-year Tek during May, boosting the 1967 monthly total to 110 since January. The May figure was higher than April's 8, but still lower than January's 37 or February and March's 25.

Component Manufacturing accounted for the majority of last month's 10-year employees, with three each from CRT and Electrochem and one from Metal Finishing. The May 10-year Tek are:

Ray McGinley (Data Research manager), May 1; **Glen Bunker** (MPA Provisioning Documentation), **Bob Herb** (IE Digital Systems) and **Bill Lukens** (PE Electrical Evaluation), all May 6; **Lloyd Roland** (Printing), May 7; **John Moran** (Electrochem), May 9.

Bob Baughman (Plant 3 Final), **Bob G. Fields** (PM Tooling) and **Marie Frazee** (CRT Finishing), all May 13; **Margaret Tonissen** (CRT Automatic Equipment), May 16; **Dick Sether** (Electrochem), May 21; **Mary McCoy** (Plant 2 Assembly) and **Beulah Stumma** (CRT Gun Fabrication), both May 22; **Harry Wogberg** (Electrochem), May 23; and **Mel Ludwig** (Metal Finishing), May 27.
