## Atlanta has second 20-year Tek

ATLANTA—Dependability. That's the way to describe Robbye Taylor (secretary) who recently celebrated her 20th anniversary with Tek.

"Anyone who has worked with Robbye agrees that she is most patient, understanding, dependable, knowledgeable and helpful," noted Bill Kladke (Atlanta District T&M Sales manager). "She is a delightful person who is always willing to go the extra mile to get the job done."

A good example of Robbye's dependability was her 20-year anniversary celebration. She had a bout with the flu but, true to form, mustered every last bit of strength to be at the office.

Bill added that anyone who has worked for him along with Chuck Boufflou, Dean Butts, Dennis Downing, Frank Elardo, Art Goodell, Jim Jacobs, Ken Parker, Ed Vaughan and still be here says more for Robbye than anything else.

Robbye's co-workers could not believe she had reached her 20th anniversary because of her youthful appearance. Several commented that it's hard to believe she was the second woman employee hired in the Atlanta office.

Gathering for the anniversary celebration were Austin Stanford (South Central Area T&M Sales manager) and Ron Stempel (Eastern Field Operations Services manager).

**ROBBYE TAYLOR**  
celebrates 20 years

May service awards will be presented to 53 Tek's in the U.S., including 35 with 10 years, 15 with 20 years, 2 with 25 years and 1 with 30 years.

The awards list includes employees from Beaverton, Walker Road, Wilsonville and Vancouver, in addition to the Rockville field office.

Linda Trapp (Employee Benefits) compiled the following Tek anniversaries' list for May 1979:
