100.00%	TOTAL TRUST FUND	100.00%	TOTAL TRUST FUND

Participants are reminded that the following provision was adopted by the Administrative Committee:

If, after discussion with at least one member of the Administrative Committee, a Participant finds a specific investment or group of investments in the Trust Fund objectionable, he may make known such objection by presenting it in writing, signed by one tenth or more of the Participants, to the Administrative Committee. Within fourteen days of the receipt of such objection, the Administrative Committee must either agree to direct the Trustee to eliminate the objectionable investment or investments from the Trust Fund, or, after suitable explanation, submit it to a vote of approval of all Participants. If one third of the Participants disapprove, the Committee must direct the Trustee to eliminate the objectionable investment or investments from the Trust Fund as rapidly as is practical. If, thereafter, the Administrative Committee wishes to repurchase the eliminated investment, it must first secure the approval of two thirds of the Participants.
