Manufacturing areas were well represented among employees receiving 10-year service awards during the last half of February.

Of the 10-year Tekes from February 19 to 27, nine work in Manufacturing with four in Product Manufacturing, three in Components and two in Materials Management.

Datewise, 10 persons marked their 10th anniversary on February 27, possibly a

record among long-time employees.

The 12 employees receiving service awards during the last half of February were:

**Neppie Wilcox** (Plant 3 Assembly), February 19; **Harriet Brabham** (Plant 4 secretary), February 23; **Elmer Barber** (Production Tooling Machine Shop), **Velma Caldwell** (Material Availability), **Bernie Dwigans** (MMQA), **Louis LeDoux** (PE Switch Design), **John Neal** (Com-

munications Films), **Melba Ness** (Plant 2 Stock), **Eleanor Peppard** (Plant 1 Assembly), **Dick Pooley** (Facilities Staff), **Bob Sundby** (Production Tooling Machine Shop) and **Pat Wootten** (Capacitors), all February 27.

Another record number of 10-year Tekes occurred this month, with 34 persons scheduled to receive service awards. Names and photos of March 10-year Tekes will be published in a future Tekweek.
