Service anniversaries

86 mark September milestones

September's anniversary list for Tek U.S. employees more than doubled the number in August with 69 completing 10 years, 16 finishing 20 years and 1 marking 25 years.

Four field employees are on the September list. They are Barbara Austin, Seattle; Gerald Fluxe, Orlando; Doug Koski, Seattle; and Marianne Stankowski, Boston. The four celebrated their 10th anniversary at Tek.

Linda Trapp (Employee Benefits) compiled the September Tek anniversary list below. Effective September, only employee names will be listed because of the large volume of anniversaries and the constant departmental and job changes.
