

Not your usual anniversary event...

"Since Larry Frost works in Facilities (Energy and Environmental Management), why don't we get him a huge cake decorated like a building for his 20th anniversary and have four people carry it in..."

"only instead of a cake, let's decorate a big box to look like a cake, and when Larry comes up to look at the cake..."

"we'll have somebody in a gorilla suit jump out of the box..."

"and hand Larry a couple of packaged cupcakes..."

"and wouldn't it be fun to get Bob Doster (Clark County site manager) to be the gorilla?" And that's what happened.
