

***RUNNING THE LENGTH** of Tek's Clark County building (C-1) is this two-level central mall featuring landscaping and conversation areas. Manufacturing groups of the Instruments Division will begin moving into the building in September.*

## **C-1 groups to begin moving this fall**

***BOB BURDIN** (Manufacturing Engineering, Instruments Division), among his other duties, keeps busy these days serving as tour leader for groups planning to move into Tek's new Clark County building (C-1). Above, Bob describes features of the*

*building to Tom Walsh's group (200/400 Series Kit Prep Sub-Assembly) now housed in the Yearout building (Y-1). They will move to their new location at East Mill Plain Road and 164th Ave. in December.*
