Mr. A. Oosterhof,
K.P. Poststraat 21,
Heerenveen,
The Netherlands.

Dear Mr. Oosterhof,

By now you have heard more about the activities of Tektronix Holland N.V., but it might be worthwhile to explain the situation.

The new factory is now under construction and is to be completed by April 1st, 1962. Upon completion, many technical and semi-technical people will be needed, and you should surely qualify for one of those positions.

For the remainder of this year, interviews will be held in Heerenveen on a time available basis. Perhaps you could indicate when you would be available for an interview, and then an effort can be made to set a mutually convenient time.

Many thanks for considering Tektronix into your plans for the future.

Sincerely,
TEKTRONIX HOLLAND N.V.
